13 June 1952

Dear Mr. MacKay:

Thank you for your letter of June 9. To answer your question regarding Paine's final tribute of the bronzes in the Hall of Fame, let me tell you that the only reason the bronzes were not unveiled until this year was because we could not raise the money. Several organizations and individuals were approached before we enlisted the interest of the Thomas Paine National Historical Association, which gave us the fund.

In another cover I am sending you a handbook of the Hall of Fame, which gives the complete rules for election, and other data which may be of interest to you. We are sending you also a list of the electors who served in the election of 1950, but as you will notice, many of them have passed away and the list will have to be augmented for the 1955 election.

Sincerely yours,

Bertha L. Lyons (Mrs. N.)
